TRANSMITTAL OF PROPOSED DRAWING CORRECTIONS
AND NEW FORMAL DRAWINGS

Assistant Commissioner for Patents
Washington, D.C., 20231

Sir:

Transmitted herewith are Formal Drawings (sheets 1/4 - 4/4), comprising Figs. 1, 2, 3A - 3C and 4A - 4B, for filing in the subject patent application.

Proposed corrections to Figures 1 and 2 have been incorporated into the Formal Drawings. These corrections are shown in red on the attached copies of original Figures 1 and 2.

In Fig. 1, in order to meet drawing requirements, the typeface has been enlarged, 60 nucleotides are presented in each line, and the cumulative number of nucleotides presented at the right-hand ends of each line have been adjusted accordingly. Superfluous matter (title at top) has been deleted.

In Fig. 2, in order to meet drawing requirements, the typeface has been enlarged, the number of amino acids presented in each line has been changed, and the cumulative numbers of

amino acids presented at the right-hand ends of each line have been adjusted accordingly. Characters which were highlighted (framed in a black background) in the informal figure are now double-underlined. The number of characters in the sequence and identity of the characters presented has not been altered. Superfluous matter ("IP10/MigR" labels at left of each line) has been deleted.

No new matter is introduced by these corrections. Acceptance of the proposed drawing corrections and the enclosed Formal Drawings and acknowledgement of acceptance is respectfully requested.

Please charge any fee that may be due in this matter to Deposit Account No. 08-0380. A copy of this letter is enclosed for accounting purposes.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
